Concept note

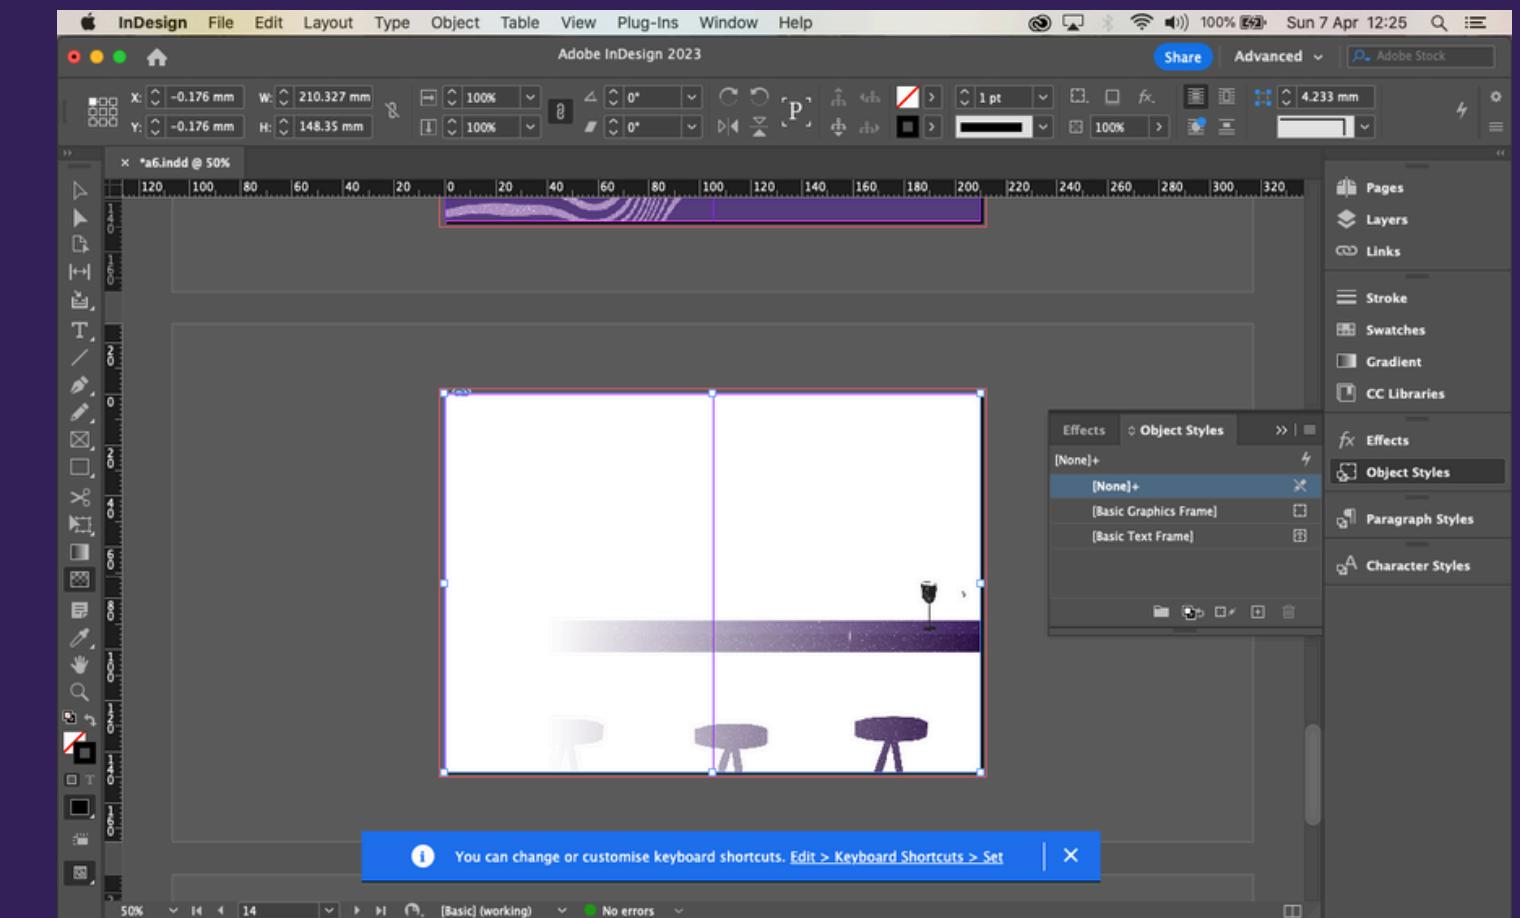

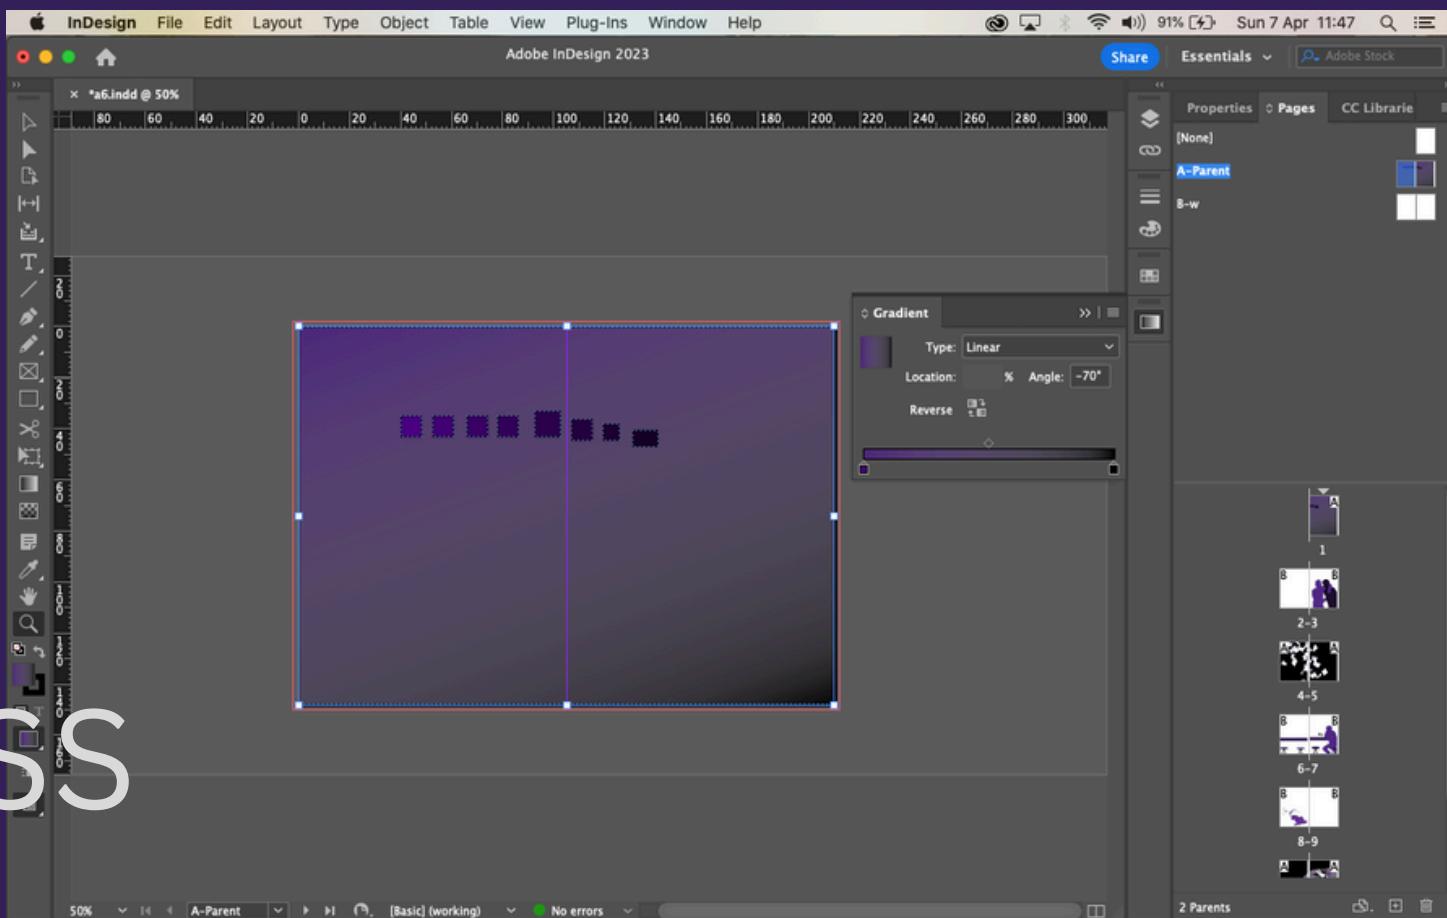

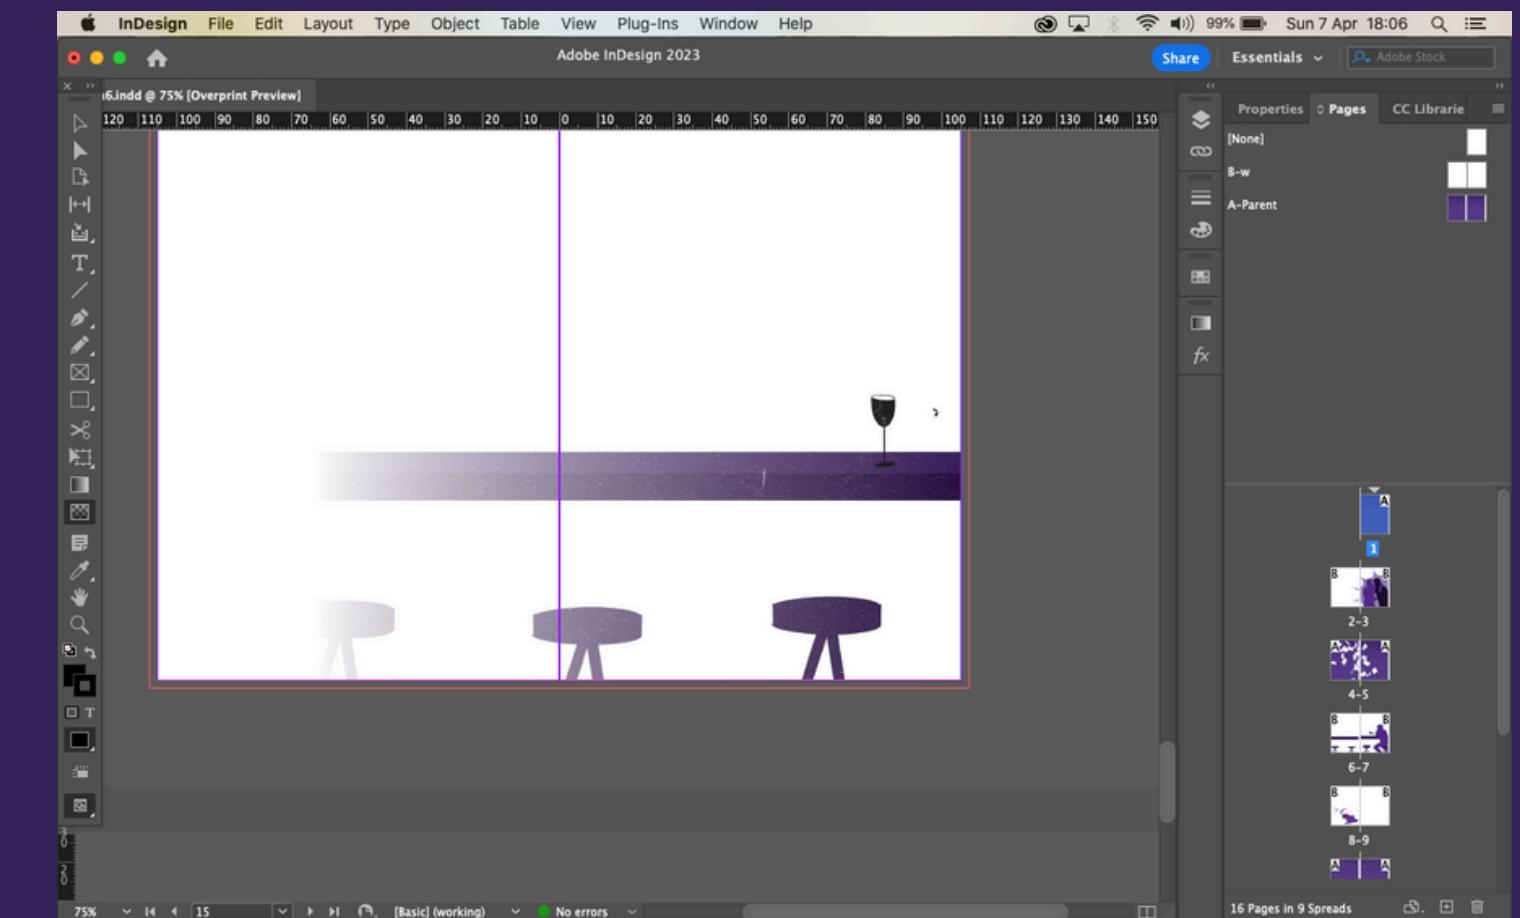

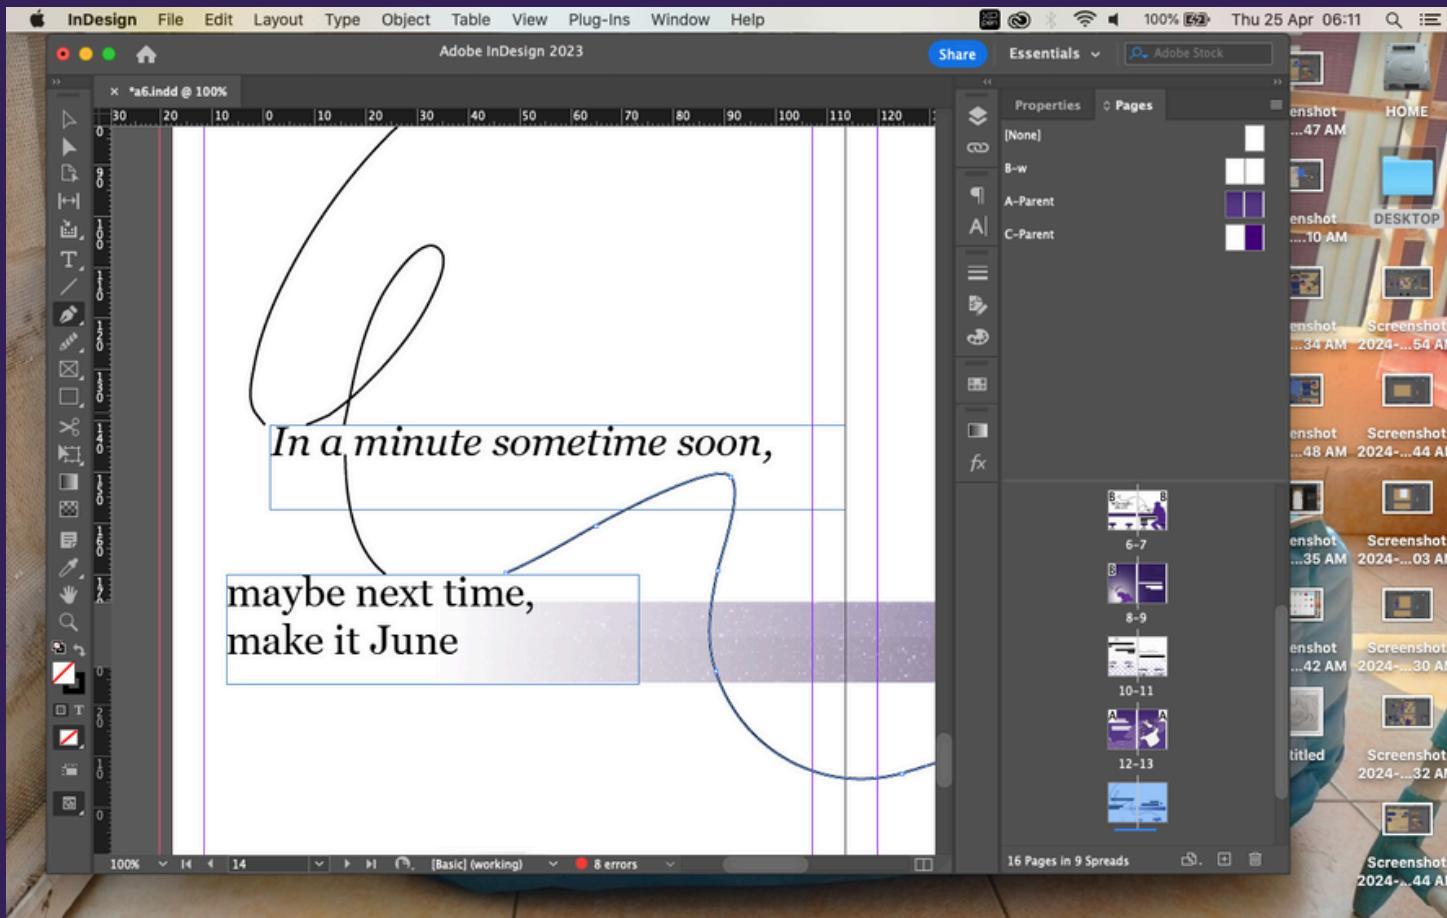

I was inspired by the song ' cut here ' by the Cure . The song reminds me of the colour indigo with moody undertones and melancholic feel .

i took the first few lines of the song and illustrated them. Each illustration per page is a representation of the respective lyrics . The song is very dear to me, and talks about the singers personal experience with loss and regret. Often times in life we might unknowingly neglect our lives ones, thinking we have time. We choose not to meet not to call thinking maybe tomorrow, maybe next week however life is unpredictable and that ' next time' might never come, leaving us with regret and sadness

PROCESS

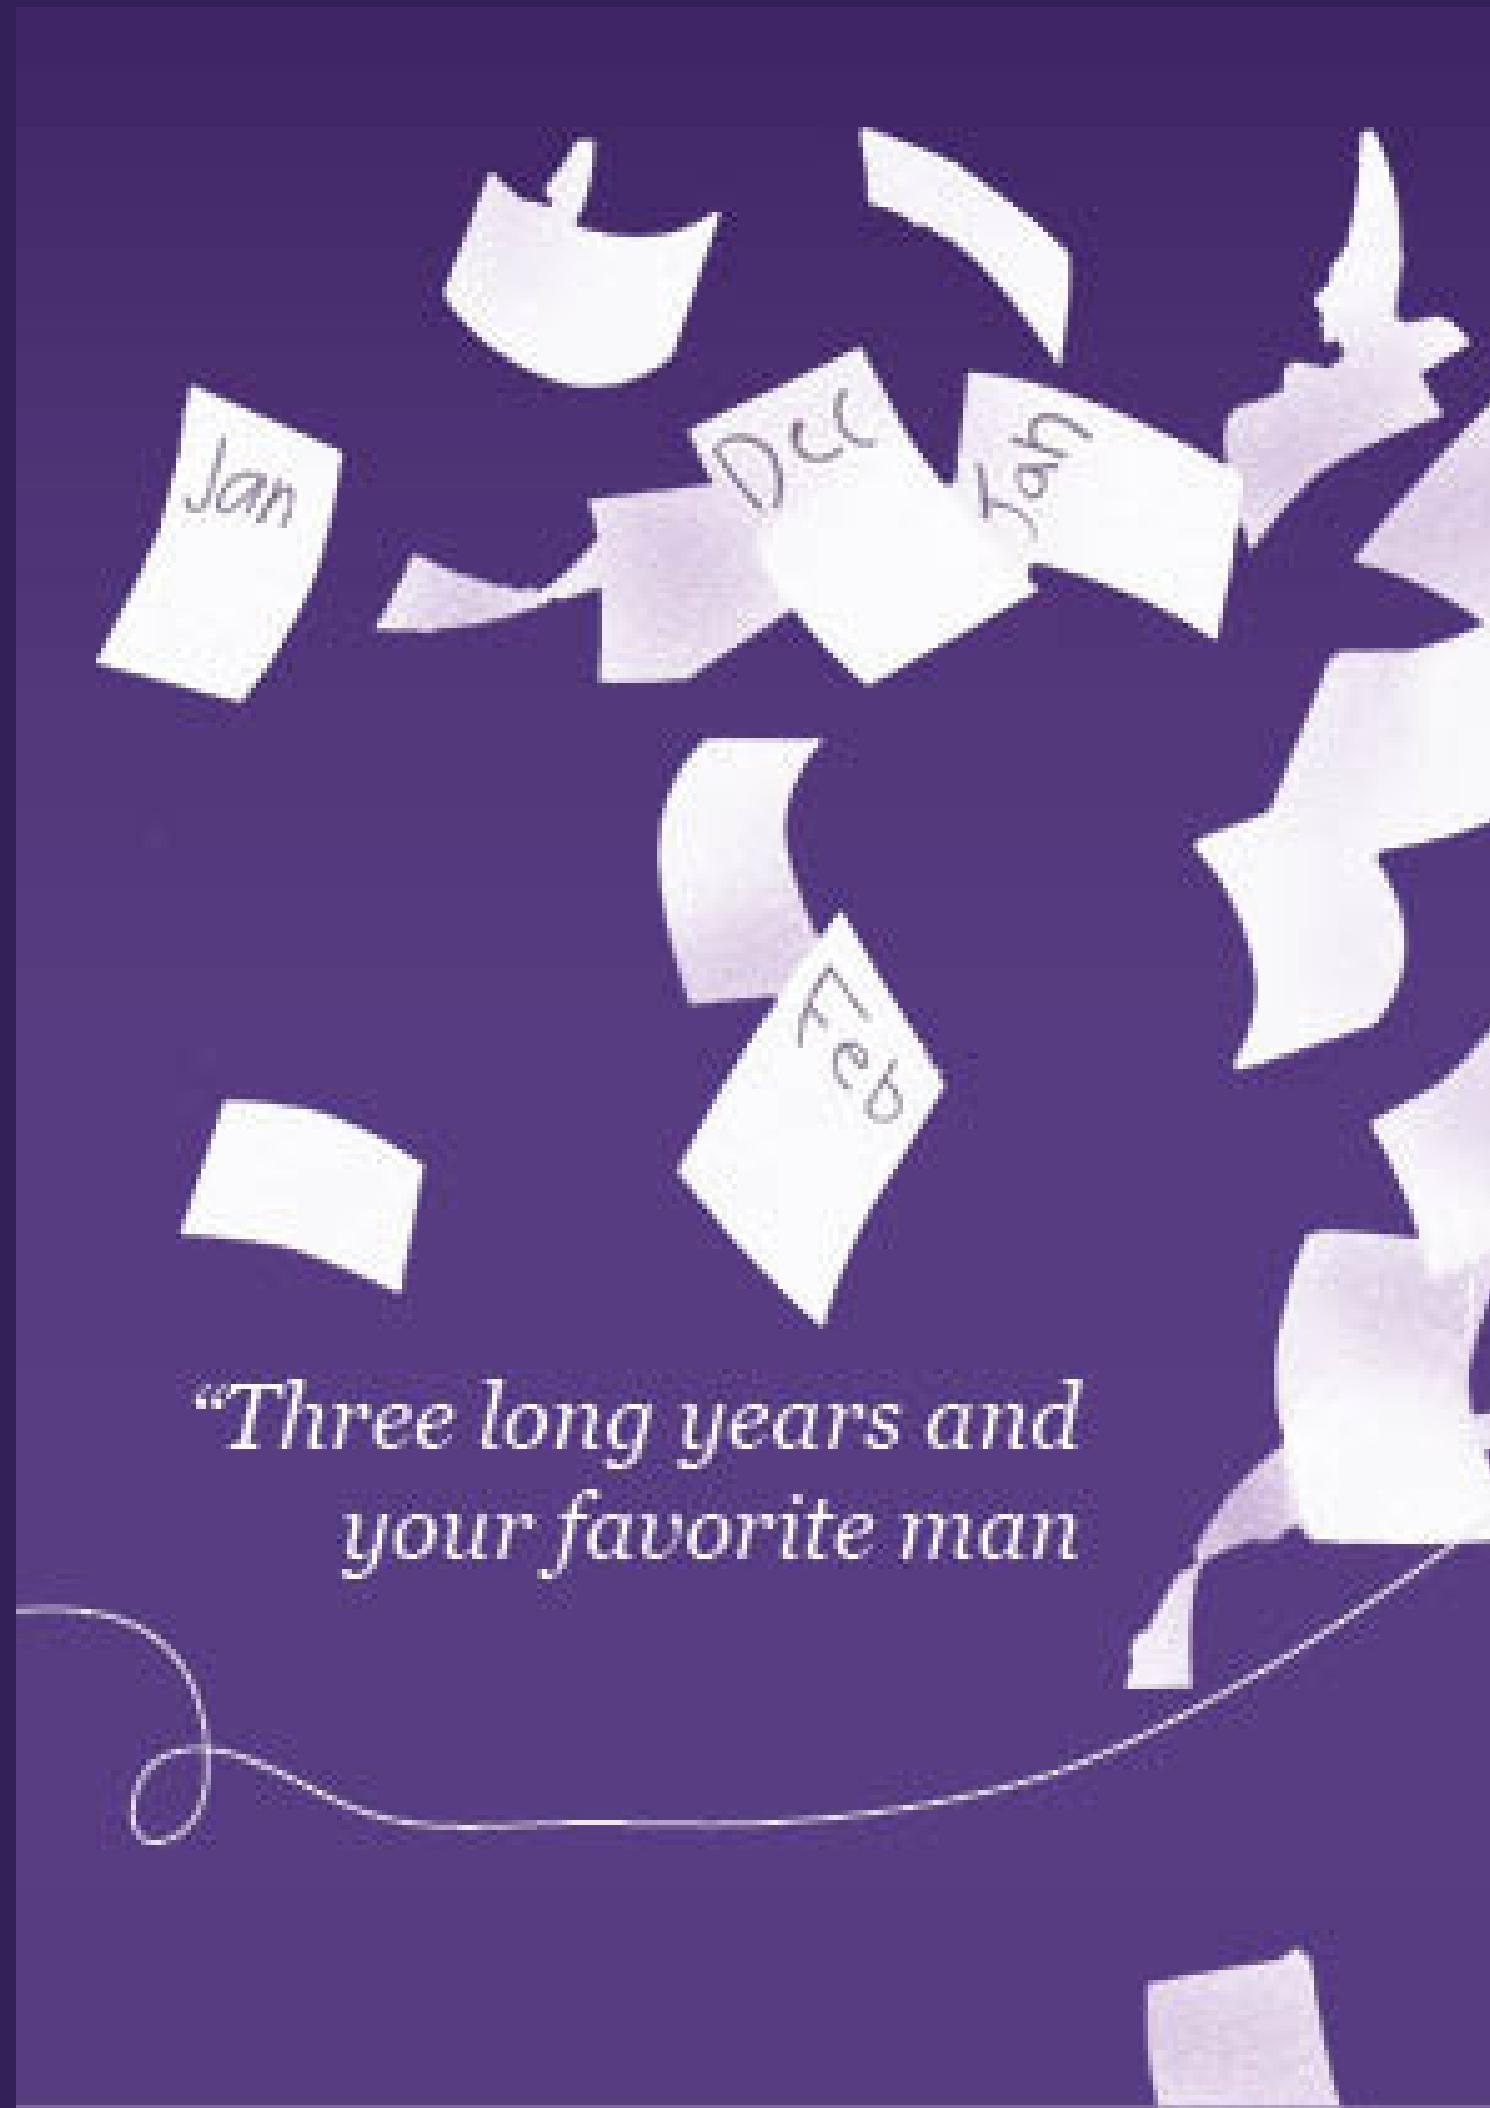

So we meet again!

*and I offer my hand
All dry and English slow*

And you look at me and I
understand

*Yeah it's a look I used
to know*

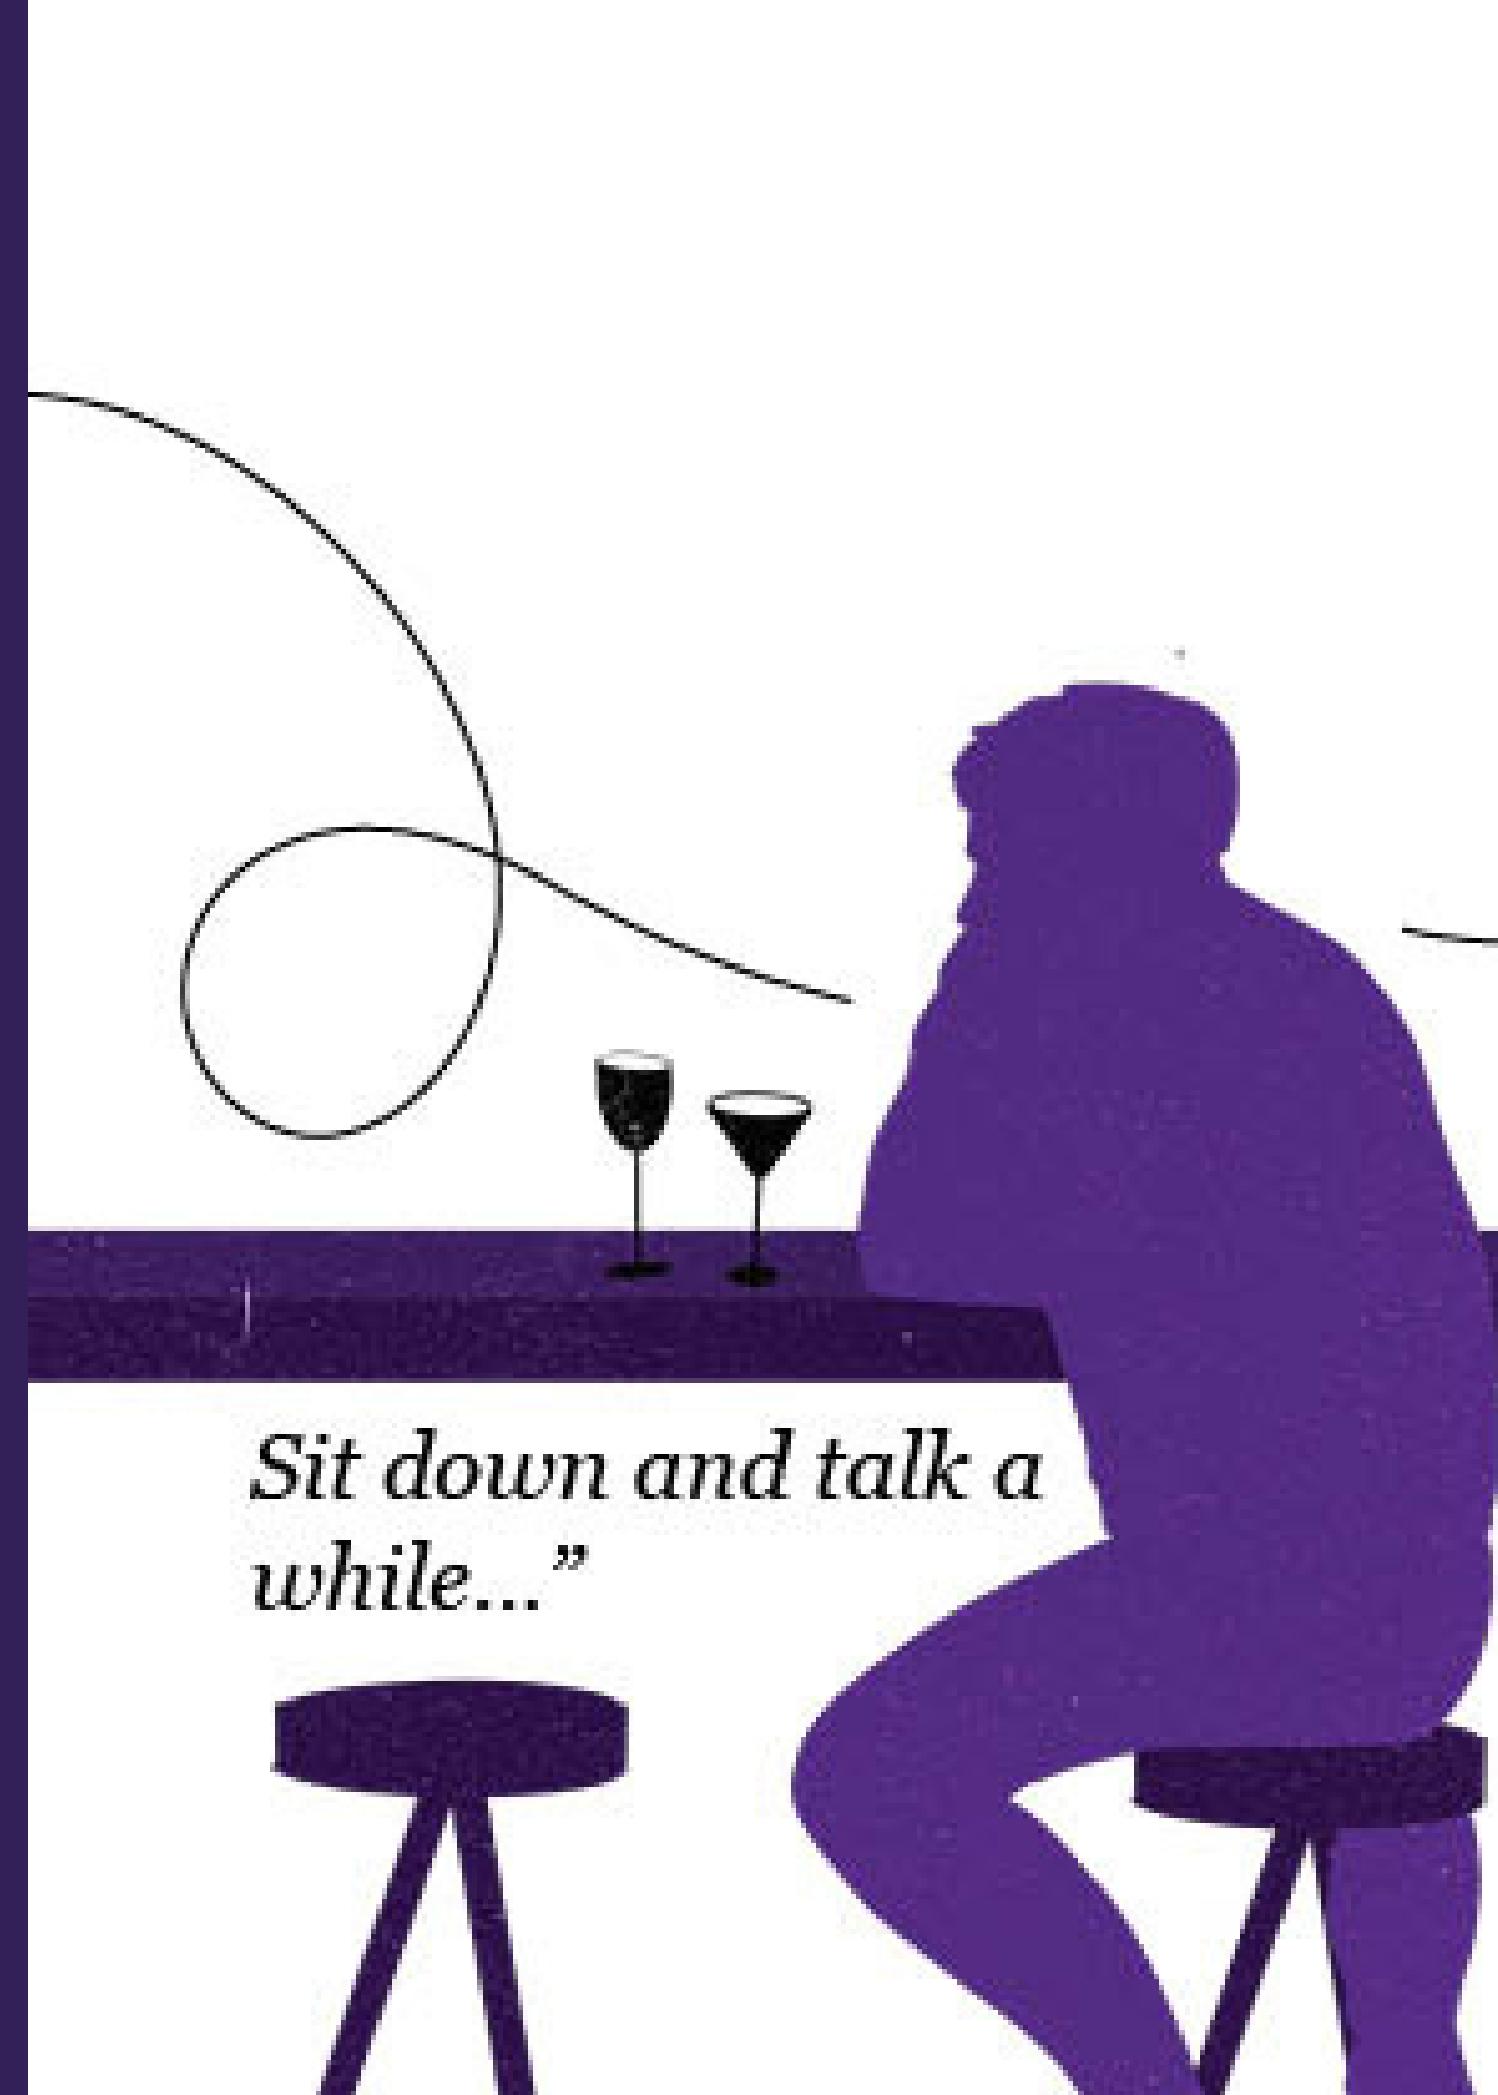

*"Three long years and
your favorite man*

*Is that any way to say
hello?"*

And you hold me like
you'll never let me go

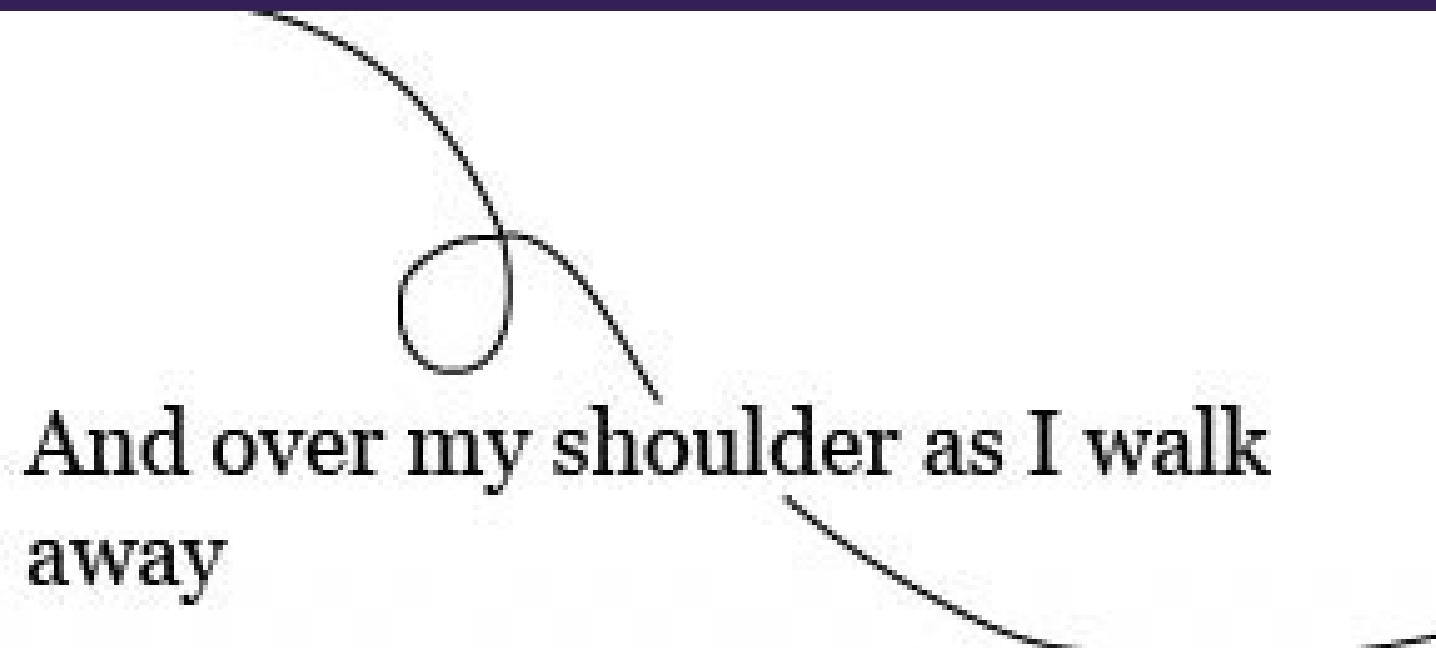

*"Oh c'mon and have a
drink with me"*

*Sit down and talk a
while..."*

“Oh I wish I could and I will!

*But now I just don't
have the time”*

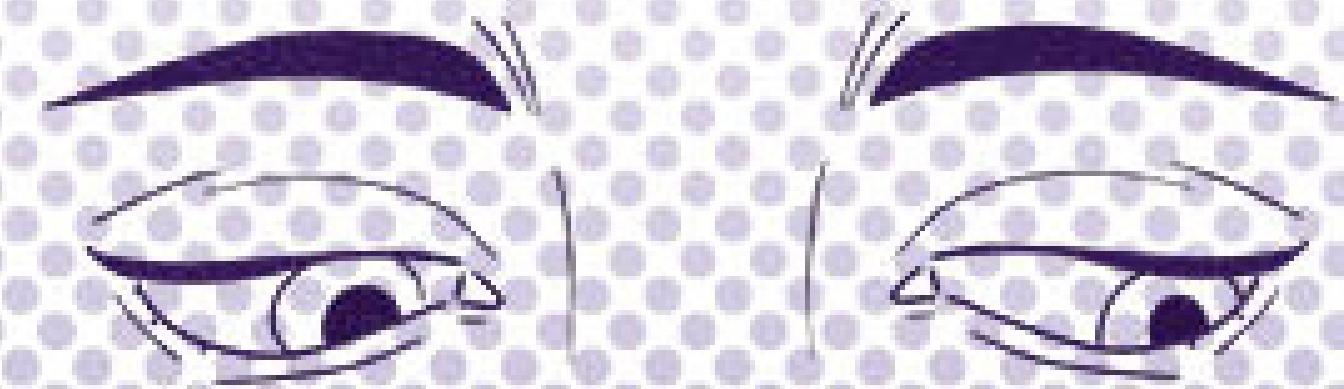

And over my shoulder as I walk
away

*I see you give that look
goodbye*

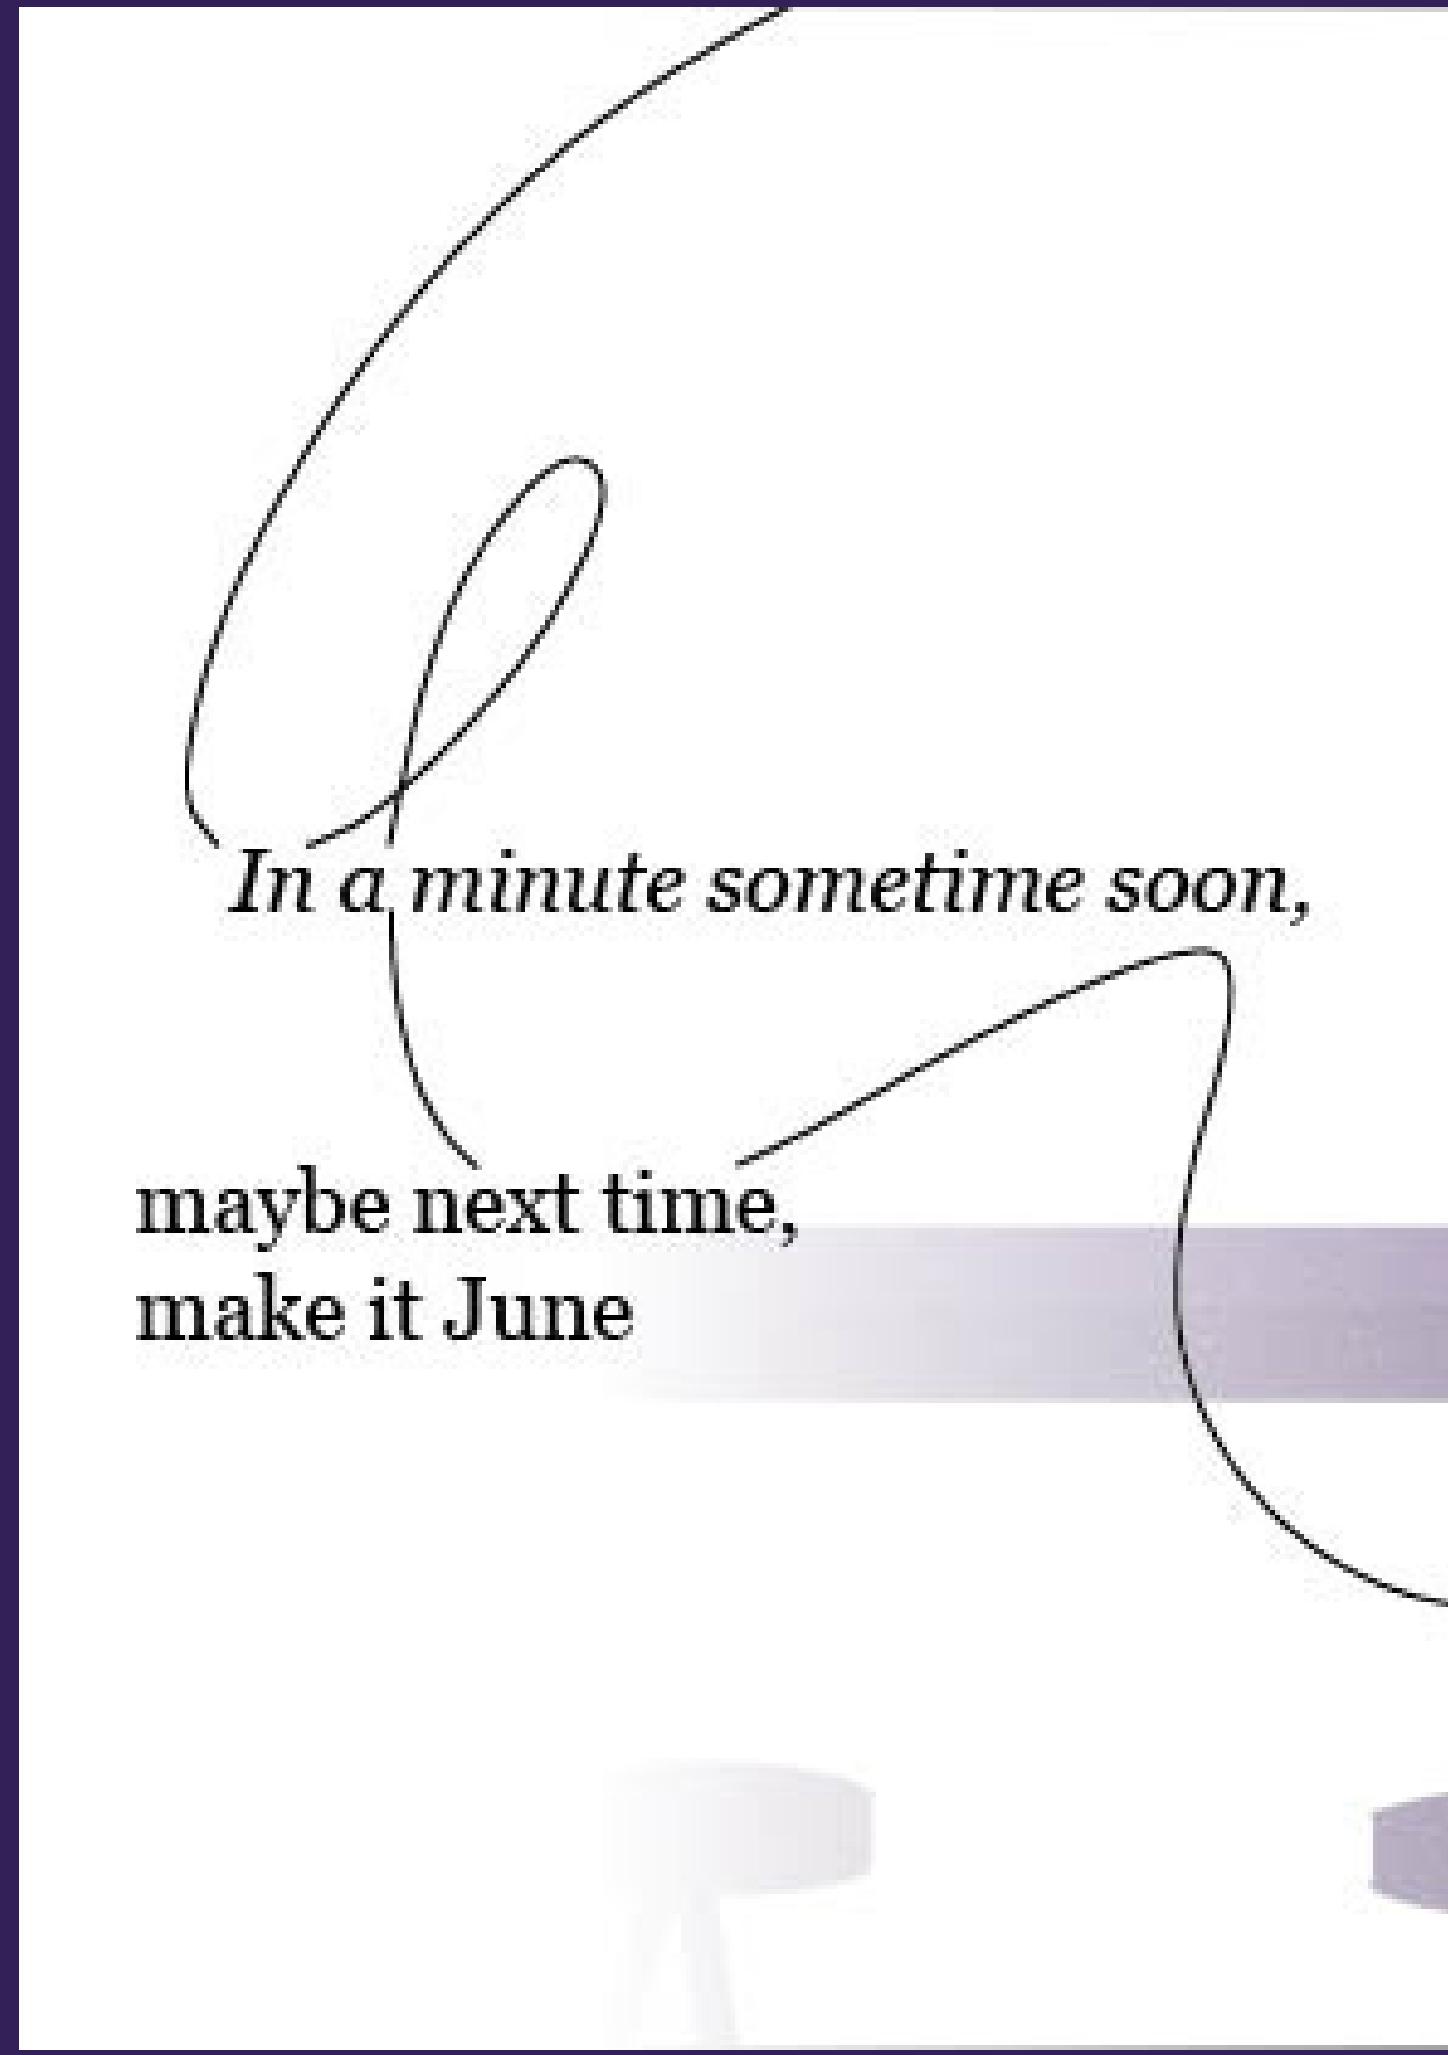

I still see that look in your eye

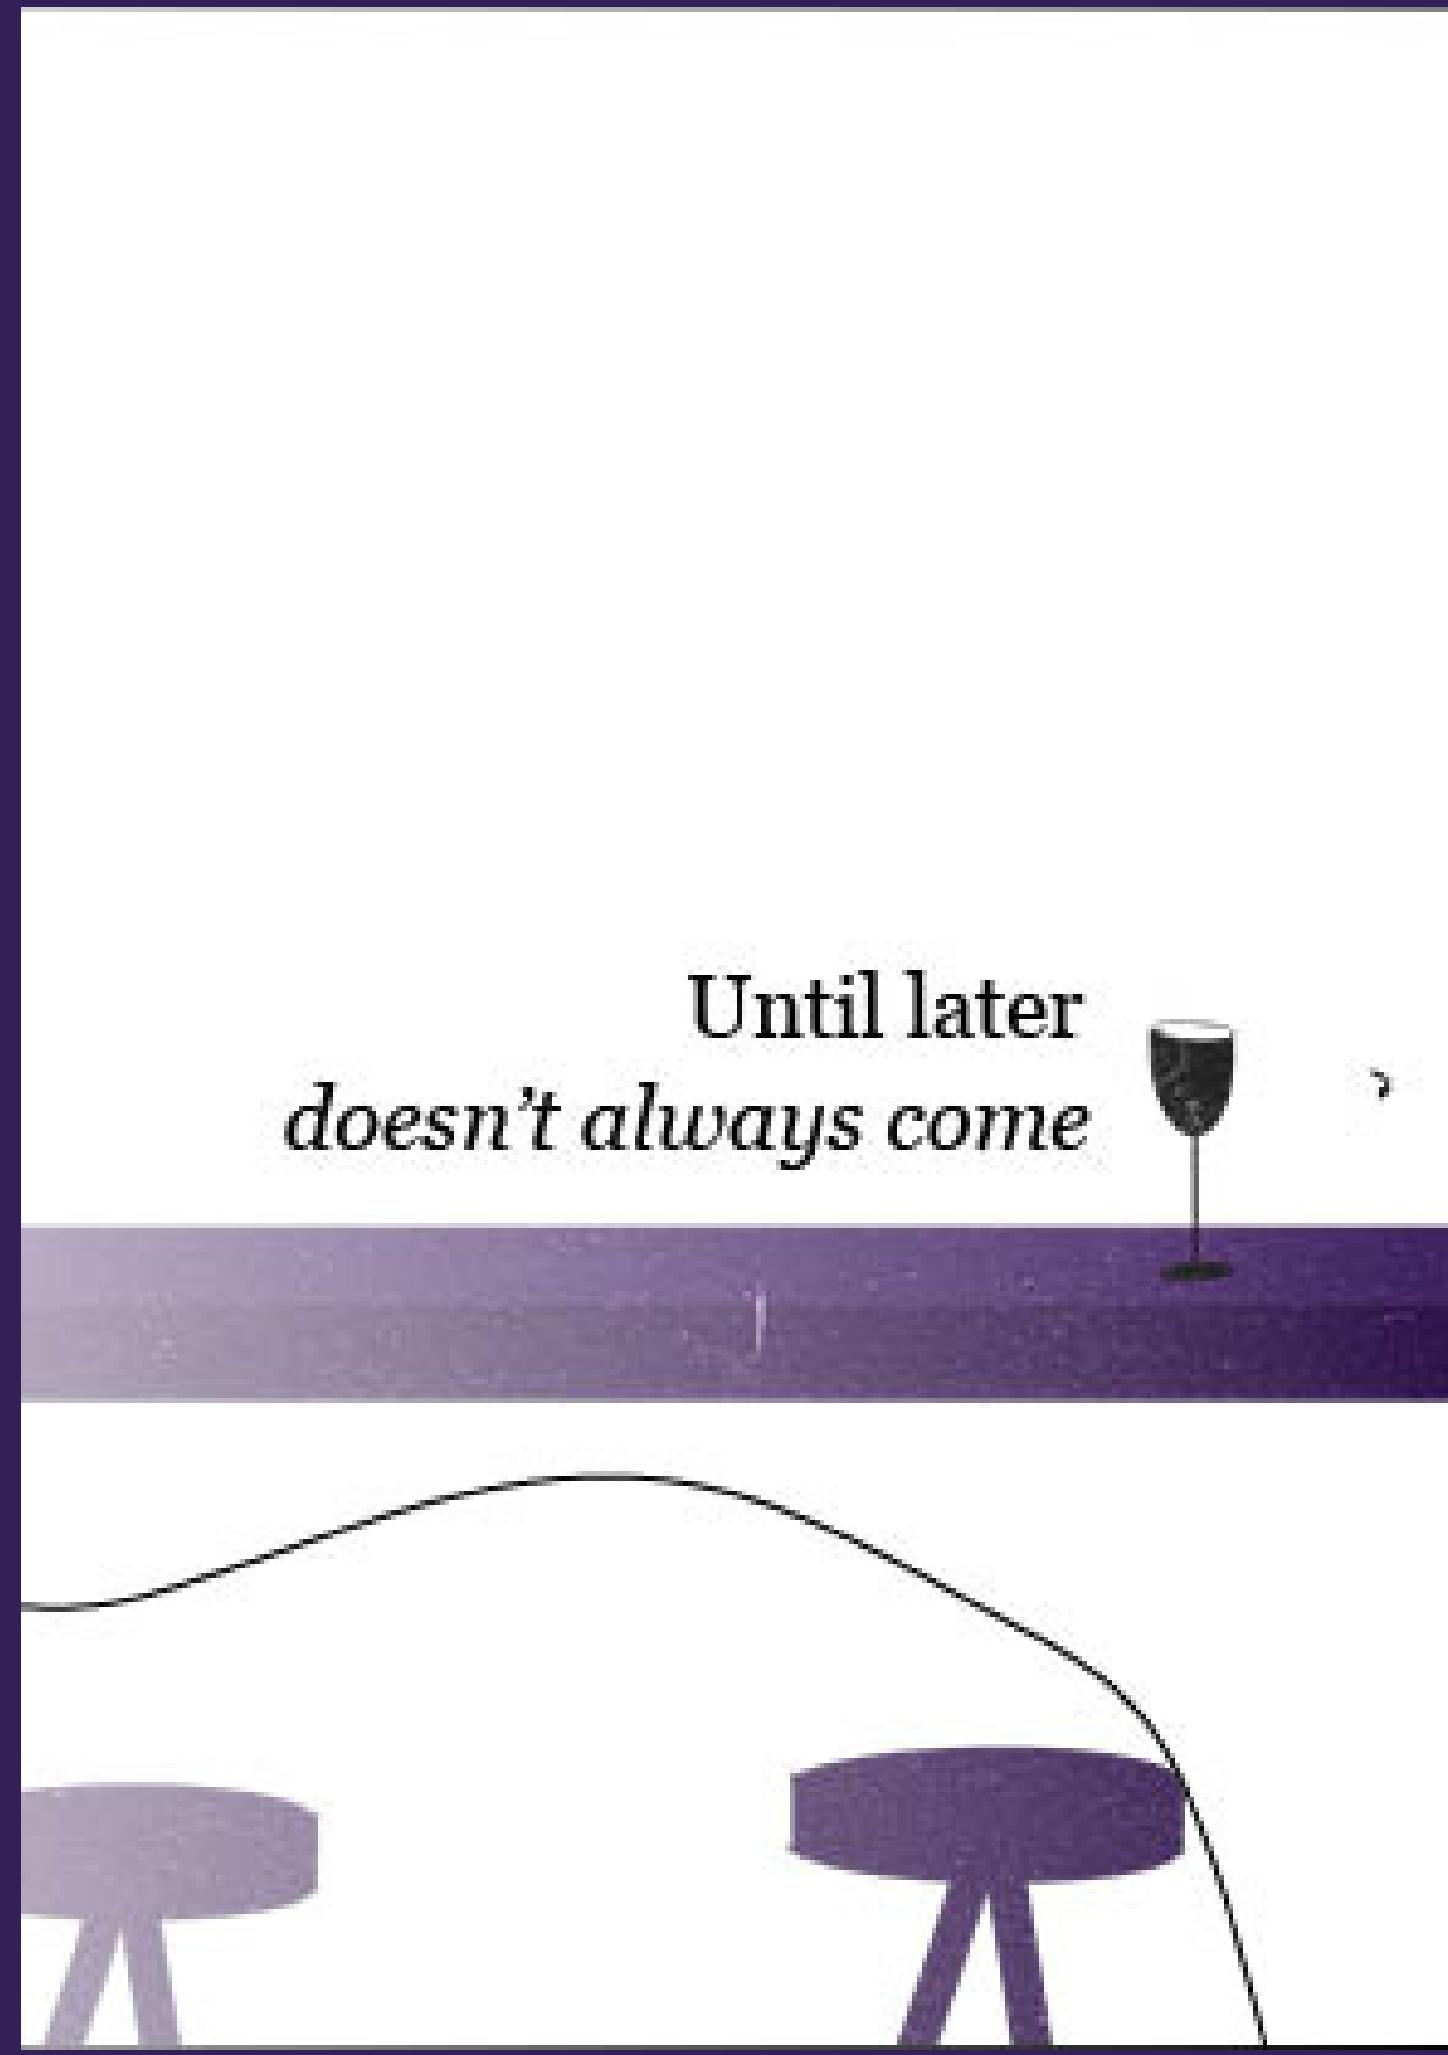

So dizzy Mr Busy, too
much rush to talk to Billy

*All the silly frilly things
have to first get done*

*In a minute sometime soon,
maybe next time,
make it June*

*Until later
doesn't always come*
